VARIOUS MATTERS

Happy New Year!

The local schools will open on Mon-
day.

Jack Frost did his worst on Friday
morning.

It was a sort of watch night for the
barbers, too.

Fifty printed visiting cards for 25
cents at Bulletin office—adv.

There has been a brisk sale of ear
muffs and heavy gloves this week.

Yale students will assume their
studies on Thursday morning next.

Some persons prayed the old year
out, and others danced the new year
in.

It has been impossible for the steam-
er to land at Plum Island several days
this week on account of the heavy
sea.

Although the river is widely bor-
dered with ice, tugs and barges are
going back and forth from Albany
Point.

Take your laundry to O. K. George,
48 Franklin street, if you want to get
good work. All done by hand; nothing
used to ruin clothes—adv.

Rev. H. T. Arnold of Norwich is
expected to preach at the Plainfield
congregational church Sunday,
and preside at the communion service.

Dancing at Broadway dancing academy
New Year's afternoon and eve-
ning; Norwich Concert orchestra—

The new system of marking auto-
mobiles becomes effective today, Jan-
uary 1; automobiles not properly
marked on and after this date will not
comply with the law.

The current issue of The Voter says:
Early in the year it was decided to
place Ernest A. Smith in New London
county to make a canvass of the towns
and to organize them for prohibition
work. In this work he has been sin-
gularly successful.

People who attend the Central Baptist
church tomorrow morning are re-
quested to be in their seats promptly
at 10.30. In the evening the quartette
will repeat, by request, the selections
from the cantata, "The Nativity,"
which it sang last Sunday evening—

A church in Norwich has sent to
the newspapers of that city a message
thanking them for their "courteous
and generous treatment of the church-
men." This is a most unusual
departure, and worthy of re-
cord.—Stonington Mirror.

Horace Johnson writes: "New Year's
day will be felt a good day in which
to make social calls. From the 7th
to the 10th there will be a disturbance
of considerable force. The planets will
be in positions to cause a tidal wave
down the coast. Mariners along the
coast should keep a good lookout;
give George beach a wide offing."

The annual church meeting and roll
call of the Montville Center Congre-
gational church will be held in the
chapel on Friday, January 7, 1921,
at 7.30 p. m. At 8 o'clock, ten will
be selected by the officers. All members
are invited to be present or send some
message to be read in response to
their names—adv.

SUDDEN DEATH AT

THE STATE HOSPITAL.

Abraham Wells of Thompson Found
Dead in His Room—Was Alive at 3
o'clock and Dead at 3.30.

On Thursday morning at the Nor-
wich state hospital a sudden and un-
expected death of Abraham Wells from
cerebral hemorrhage. He was all right
at 3 o'clock when the nurse passed him,
but at 3.30 o'clock upon the return he
was found dead, exhaustion having
been a contributory cause. He was 32
years of age and was committed from
Thompson, where he had jumped from
a window and was brought when he
was committed to the hospital.

Medical Examiner Dr. N. B. Lewis
was called and made the above report
on the body.

Mr. Wells was born in Canada. The
body was sent to Plattsburg on Friday
for burial. He was accompanied by a
brother, Henry Wells of Webster,
Mass.

NORWICH PAYROLLS INCREASED THREE MILLION

Total Payroll 1920 . . . \$3,318,427.86 \$3,638,114.65

Total Payroll 1921 . . . \$3,638,114.65 \$4,250,000.00

Almost a third of a million in ex-
tra wages.

That is what the industries of Nor-
wich have paid to their employees dur-
ing 1920 in excess of what they paid
during 1919. This is money which has
gone into circulation through the
channels of trade in the past year in
addition to that for the preceding
year. The total wages paid in the in-
dustrial plants of Norwich during 1920
amounted to \$3,638,114.65, against the
sum of \$3,318,427.86 paid during 1919,
showing the handsome increase during
the year of \$319,686.79. This is a most
happy showing with which to start the
new year, during which most great-
er prosperity than during the past
autumn has been clearly pointed out
and the manufacturers are confident
of the future.

This showing will undoubtedly come
as a surprise to a vast proportion of
the readers, because of the street cor-
ner gossip in the opinion of industri-
ous activity here and will serve to
strengthen the faith in the manufac-
turing interests. Norwich has shown
through a prosperous year, more busi-
ness has been done than in the pre-
vious year and the grand total paid
out in wages shows an increase of
about ten per cent. In some instances
the increase has been as high as 140
per cent, but the general average
is about ten. There are cases where
the wages paid were less than in 1919,
but those are but three, excepting
where plants have moved away from
the city.

Norwich's prosperous showing in the
field of production and commerce will
be heralded with delight, and it should
be for it shows that in a year of uncer-
tainty there has been excellent results
and most promising indications for
even better industrial activity in the
year ahead. The outlook is rosy and
the Norwich industries will get their
share of the business, meaning in-
creased trade and more wages dis-
tributed.

Miscellaneous Industries.

For the United States Publishing Co.,
the year 1920 was a top notcher, the
payroll showing an increase of over
twenty per cent, and the indications
are that the ensuing year will be like-
wise profitable and of extensive gain.

The International Silver company,
successors to the Norwich Cutlery
company, in 1920 concluded the in-
crease in business, during the twenty
years in Norwich. The present outlook
for the new year is that they will have
fully as much business as during 1919
and it is probable that there will be
an increase of about a third per cent.
The outlook is bright.

With the Norwich Nickel and Brass
company, the past year has been one
of continued and increased prosperity,
and the outlook for the new year is
the opening of a year in which a still
further increase is anticipated. This
is based upon the excellent record of
product through the middle west,
where the stores are becoming more
and more numerous and are adopting the
latest ideas.

The payroll of the Trench Specialty
company during the year was 2.3 times
what it was in 1919, and the concern
is running high and day to keep up

ANOTHER NORWICH BOY

IN NEW YORK POLITICS.

David G. MacConnell Made Deputy
Registrar With Salary of \$3,500 for
Four Years.

David Gilmour MacConnell, a former
Greenville boy, now republican leader
of the Twenty-third assembly district
of New York city, has through the
appointment this week Wednesday as
third deputy registrar from Max S.
Orfanogen, registrar-elect for the
city, on the public ballot ticket.
The position carries a salary of \$3,500
and the term is four years. Mr. Mac-
Connell is a nephew of the Gilmour
brothers of Greenville, and his many
friends in Norwich are gratified to
hear of his advancement.

Mr. MacConnell was born in Green-
ville, the son of Mr. and Mrs. John W.
MacConnell, and he attended the
Greenville public school. Later he
entered a preparatory school at Vine-
land, N. J., and studied law at Cooper
Institute, New York city. Mr. Mac-
Connell has been in active practice of
his profession for several years, and
with marked success. His appointment
as assistant registrar will not inter-
fere with his large law practice.

Broke His Arm.

DANGEROUS DANDRUFF

Will Make America a Baldheaded
Nation If Not Checked

M. Pasteur, the great French Physi-
cian of Paris, once said: "If dandruff
we shall one day rid the world of all
diseases caused by germs."

Dandruff is caused by germs, a fact
accepted by all physicians.

Dandruff is the root of all hair ills.
If it were not for the little destruc-
tive germs working with a persistence
worthy of a better cause, there would
be no baldness.

Parasitic Scales will kill the dandruff
germs and remove dandruff in two
weeks or money back.

The Lee & Osgood Co. guarantee it.
It will stop itching scalp, falling hair
and make the hair grow thick and
abundant.

It puts life and lustre into the hair
and prevents it from turning gray.

It is the hair dressing par excellence,
faintly perfumed and free from grease
stickness. It is the favorite of
women of taste and culture who know
the social value of fascinating hair.

For children's hair there is nothing
so good or so pleasant.

A large bottle costs only 50 cents at
leading druggists everywhere, and in

profession in Norwich, to those who
had been of the company a year ago,

tion, and to the newspaper men.

o'clock, successfully marking the close
of a prosperous year for this profes-
sion's festive dinner.

Incidents in Society

The Misses Osgood entertained a
few friends at bridge on Friday after-
noon.

Mr. and Mrs. Henry S. Gilmer of
New York are spending several days
with Mrs. Frank T. Brown of Perkins
avenue.

Mr. Oliver L. Johnson entertained
at bridge on Friday afternoon, in hon-
or of Mrs. Chester Johnson of Brook-
lyn, N. Y.

Mr. and Mrs. Chester MacGregory
and Miss Rosalie Bennett, who have
been spending the holidays in town,
have returned to Brooklyn, N. Y.

The Evening Bridge club met Friday
night with Miss Ruth M. Thayer of
Washington street, the guests remain-
ing to watch the old year out and the
new year in.

WATER COMMISSIONERS

TALKED OVER SITUATION.

Decide Not to Curtail Just Yet, but
Will Be Obligated to Soon Unless Rain
Comes.

The regular monthly meeting of the
board of water commissioners was
held on Friday evening, at which the
routine business was carried out, and
there was a discussion on the condi-
tion at the reservoir, where the water
is over 208 inches below high water
mark, and dropping daily. It was
thought, however, that as long as there
was so much snow and ice on the wa-
tershed that there was water enough
to care for the needs for quite a while
and with a rain there would be plenty.
If there is no rain it will be necessary
to curtail, provided the cold snap con-
tinues.

The big waste, it is believed, comes
from the people allowing the water to
run nights and days to prevent it
freezing and that it is much greater
than the consumption by the elevators,
although if it comes to curtailment
it will be the elevators which will
have to be shut off. The meters in
many instances are proving the opin-
ion of the commissioners and super-
intendent to be true, as freeze-ups oc-
cur with the meters on, while when
they were not the water never
froze, as it was allowed to run. If
the elevators are metered and pay for
all they use.
